1. Upon review of application content the Examiner noticed that applicant's IDS filed on 06/28/2004 was not in compliance with Rule 37 C.F.R. 1.97 and/or 1.98. The Examiner noticed that applicant listed five different **co-pending U.S. Patent applications** on the PTOL-1449, which was filed along with the IDS on 06/28/2004. The five different co-pending U.S. Patent applications are not U.S. Patent documents. Further, "Publication date" column of the same PTOL-1449 showed "filing dates" of these five co-pending U.S. Patent applications, which is not proper.

The listing of references in two International Search Reports listed on the same PTOL-1449 (filed on 06/28/2004) is not considered to be an information disclosure statement (IDS) complying with 37 CFR 1.98. 37 CFR 1.98(a)(2) requires a legible copy of: (1) each foreign patent; (2) each publication or that portion which caused it to be listed; (3) for each cited pending U.S. application, the application specification including claims, and any drawing of the application, or that portion of the application which caused it to be listed including any claims directed to that portion, unless the cited pending U.S. application is stored in the Image File Wrapper system; and (4) all other information, or that portion which caused it to be listed. In addition, each IDS must include a list of all patents, publications, applications, or other information submitted for

Art Unit: 2879

consideration by the Office (see 37 CFR 1.98(a)(1) and (b)), and MPEP § 609 subsection III. A(1) states, "the list ... must be submitted on a separate paper."

The six U.S. Prior art Patent documents cited in the two search reports are not considered at this time since they are not listed on the same PTOL-1449 filed on 06/28/2004. Therefore, the six U.S. Prior art Patent documents cited in the Search Report have not been considered.

The Examiner corrects applicant's PTOL-1449 filed on 06/28/2004 by deleting the five co-pending U.S. Patent applications and the two International search reports. Enclosed please find the corrected PTOL-1449 filed on 06/28/2004.

Applicant is advised that the date of submission of any item of information or any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the IDS, including all "statement" requirements of 37 CFR 1.97(e). See MPEP § 609 subsection III. C(1).

2. The following is an examiner's statement of reasons for allowance: withdrawal of obviousness-type double pat. rejection in view of applicant's submission of an acceptable TD on 01/18/2005.

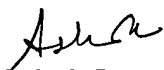

Art Unit: 2879

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
